The Dimmer VIEW

By MAX GOODWIN

The County Board of Supervisors should be the last to deny that they were hasty in ordering the annexation of the Homeland Judicial District to the San Diego City Court system.

Their action has created a great disservice to the people of this community, a matter none took the trouble to consider when they agreed to the annexation.

The board was legally, though not morally within its bounds, in the consolidation which will close the local court. Supervisor Bird claims absence, he being in Atlanta at a supervisors convention while negotiations for consolidation were under way. He returned in time to vote against it.

Reaction is building up in the Homeland Judicial District concerning the manner in which the consolidation was handled.

The Lemon Grove Chamber of Commerce filed an official protest with the Board of Supervisors Tuesday because "due notice" was not given to local residents. The protest was referred to the county counsel's office.

Many of the professional people with whom I have talked resent the political maneuvering which went into it.

The provisions of the court consolidation act by which the Homeland Court could be annexed were sponsored and pushed by the court's judge, Luther Hussey, a Lemon Grove attorney.

Typical layman's attitude to this down-the-river sale is resentment. They feel the court district in which most residents voted him into office is now being dissolved by the aspirant they supported. They did not vote for him as a court dissolver! That's just what he did though.

The work was not without reward, however. While he may not have gained friends, he did get an increase from \$5,100 salary he enjoyed as a justice court judge, to \$16,500 a year as a full-fledged municipal court judge. He had a reason for making trips to Sacramento to push through legislation but the supervisors have no reason for rushing through annexation.

If this thing is so good for us in Lemon Grove why isn't it equally good for Coronado, and Encinitas, and Vista? Why don't the justice judges of the eight other judicial districts demand annexation.

I think the time has come for the supervisors to start worrying about how they can give taxpayers of the Homeland Judicial District more service for the increasing tax load. . . . Instead of less services . . . like the loss of our local court.

Some motorists are browbeaten by law-enforcement agencies in the interest of keeping our highways clean, and in a general sort of way that is good.

But it irks me when ordinarily fine, law-abiding citizens are hauled into court because a kleenex blew out the window of the car when the truth of the matter is that the law was devised to cope with two distinct types of unsavory highway users. One, the guy who dumps bags and boxes of trash and garbage along the wayside because he is too lazy or too cheap to dispose of it by more legitimate means, and the beer drinking driver (and guests) who deposits a string of cans and bottles along his route.

The highway trash and garbage disposer has mostly been overcome but can and bottle tossing is still popular.

I think this is a problem the beer industry itself should take a firmer hand in. As an industry they could invoke a dime deposit on every recaptured, refundable at any point of beer purchase. The uncollected refunds would be in direct proportion to the number of "dead" containers along our highway and this fund could be used for policing up their own product by hiring

Skyline Drive To Become Thru-Way

LEMON GROVE FREEWAY OPEN TO GROSSMONT

Heavy traffic on the State Sign Routes 94 and 67 (Lemon Grove Freeway) is now able to continue on to a direct connection with U. S. Highway 80 at Grossmont Summit, according to J. Dekema, District Engineer for the State Division of Highways. This will eliminate the heavy east bound traffic presently traveling on Bancroft Drive, and thereby benefit school children in that area.

Westbound traffic wishing to go south on State Sign Route 67 will still make a left turn at the signal at La Mesa Boulevard, another left turn at Grossmont Boulevard and then onto the recently completed freeway as they are now doing. This move will also be eliminated upon completion of the \$3 million project now underway.

The new section of freeway will provide eight lanes of travel with five bridges giving access to and from the freeway and surrounding areas without turning and crossing movements and resultant conflict. Among these bridges are the Grossmont Blvd. pedestrian overcrossing for students of Grossmont High School, the Grossmont Blvd. vehicular overcrossing, Fuerte Drive overcrossing, an undercrossing at La Mesa Boulevard, and the separation structure at the intersection of State Sign Route 67 and U. S. 80. The contract will also include frontage roads, ramps, safety lighting and illuminated signs as well as fencing.

Dekema stated that he anticipates that the work will be completed and the road opened to traffic by fall of 1958.

LETTERS TO THE EDITOR

Dear Editor:

In your recent article in the REVIEW, on Grove Men's Club Broadway Improvement plan, I am heartily in favor of it. BUT what I would like to know why exclude Broadway, form Kempf to Sweetwater Road? We are in Lemon Grove too, or didn't you know?

We have been told that the property owners in this vicinity are not interested. How do you know that we are not interested? You have not contacted us in any way, nor have you invited any of us to attend any of your meetings. Of course I know that we are women, but we are also property owners, too, and I do think we should be consulted.

So far, we in this area feel like stepchildren. Since we are a part of Lemon Grove, I do feel that we should be recognized as being a part of Lemon Grove.

Now I feel better. Thank you for permitting me to let off steam.

Opal M. Palmer
Pilgrim House
8131 Broadway

All property owners have been invited to every Broadway Improvement meeting according to H. Griffin, leader of proponents for Improving Broadway. These meetings ended last year when response to a questionnaire, according to Griffin, was disheartening.

The report you read in the REVIEW last week was clearly labeled "a review of his activities."

Dear Editor:

I wish to take this opportunity to thank the many people who helped make the term project of the Lemon Grove Rainbow Assembly a huge success.

A special thanks goes to the merchants and residents in the Lemon Grove area who supported and donated to the rummage sale. To all of those who worked to make the rummage sale the success it was, we extend our thanks.

Penny Estes,
Worthy Associate Advisor,
Lemon Grove Rainbow
Assembly

Skyline will become a through street, without a stop between Broadway and Jamacha, it was revealed this week by the San Diego County Traffic Committee.

Paul Fowler, county traffic engineer, said that he had passed his recommendation that the street be opened to Joe Mack, county

road superintendent. Joe Mack said he would make the recommendation to the supervisors. It normally takes 30 days to provide the ordinance by which the changes are made.

A study of Skyline traffic has been carried on for several months. The most dramatic change in traffic pattern has been on Kempf, north of Lincoln, where a 24 hour count in April showed 1108 vehicles. In August, same week-day, it was 2,884.

Conversely, Palm Street, west of Skyline dropped from 3,636 in March to 2,656 in August.

Current volume, on a 24 hour week-day basis, is:

Skyline south of Palm	4,104
Kempf north of Palm	2,874
Palm west of Skyline	2,656
Palm east of Skyline	2,135
Lincoln east of Palm	507
Lincoln west of Palm	837
Kempf north of Lincoln	2,884
Kempf north of Golden	3,506
Golden west of Kempf	1,972
Golden east of Kempf	1,615

Traffic Committee spokesmen said also that a traffic light installation is set for bids at the Imperial - Broadway intersection. Presently, they are attempting to work out a schedule that will not interfere with Christmas traffic. These signals will have pedestrian push-buttons.

A parking survey group has spent several days in Lemon Grove, the committee spokesman said, to ascertain what effect double parking in private property along Broadway between Imperial and Grove is having on traffic on the county thoroughfare. He said the parking pattern would have an eventual effect upon the widening of Broadway. Meters, he said, were out of the question for the privately owned parking strips.

AREA BOYS ON WORLD CHAMPIONSHIP TEAM

Area members of the Mt. Helix View Colt League are back home again, tired but happy. They are now officially world champions after walking away with hard-fought baseball victories at Ontario, California. They are also owners of a telegram from President Eisenhower who sent the wire soon after learning the Mt. Helix View boys won.

On the team from this area are: David Goodwin, 3525 Helix Street, Spring Valley; Raymond Kygar, 2359 Imperial Avenue, Lemon Grove; Robert Lucas, 9160 La Mar Street, Spring Valley; Tom Gaddard, 4097 Conrad Drive, Lemon Grove; Paul Jernigan, 1750 Davidson, Lemon Grove, and Tony Carrasco, 7959 Imperial, Lemon Grove.

The team, under the management of Frank Kygar, a welder, of 2359 Imperial Avenue arrived at Ontario August 21. They beat San Antonio Thursday 5-3, then trounced Eastern Ohio Friday, 9-0. Saturday was an off day and they played Eastern Ohio again for the championship Sunday in a hard fought, close game which they won 5-4.

Team members were feted Monday at Ontario and came home Tuesday.

Supervisors Foul Up Court Picture Says Judge Garfield

Fenton Garfield, judge of the El Cajon Municipal Court scored the County Board of Supervisors Monday in a talk at the L. G. Rotary Club for hurriedly approving the annexation of the Homeland Judicial District to the San Diego County system. He said they erred when they rushed through the annexation for reasons of economy.

"It neither saves money nor serves the ends of justice," Garfield stated.

Judge Garfield said that San Diego criminal cases are running six months behind schedule. Normally, lawyers should complain about court dockets being behind but they do not, he said. "Time favors the defendant and attorneys pleading criminal cases are quite satisfied to allow this time to lapse. It usually means a better chance of getting his client off with less or no penalty," he pointed out. "If this overloading serves the taxpayer, then it follows that all judges could be done away with and save the total expense of court operation."

Judge Garfield pointed out that he asked for, and obtained, provisions in the county court consolidation act that would permit the Homeland Judicial District to be merged with El Cajon Municipal Court and permit Judicial District Judge (Judge Luther Hussey) to become a Municipal Judge operating from El Cajon. This would have provided a "swing judge" who could sit three months a year in the overcrowded El Cajon Court and relieve the work load at other Municipal Courts the other months of the year. This would have been a step toward solving the crucial congestion problem which faces El Cajon and other County courts now," he said.

The supervisors didn't find it necessary to consolidate Coronado Justice Court with San Diego Municipal court in an analogous situation, nor did they consolidate Encinitas Justice Court with the Oceanside Municipal Court when Judge McLaughlin died in an auto accident, Judge Garfield pointed out.

If Lemon Grove residents want to keep their court they will have to fight for it, if it isn't already too late, he said.

Program chairman was Meyer Zung. Harold Secor presided at the Rotary meeting.

Uses Torch To Free Injured Man From Wreck

Leonard Walter Loy, 32, a navy man of 9131 Valencia Street, Spring Valley, was cut free from his wrecked pickup truck early Sunday morning when he crashed into a utility pole at the corner of Skyline and Palm Street in Lemon Grove.

Officers say Loy was traveling east on Palm when he lost control of his 1949 Dodge pickup truck and turned it over. As he crashed a heavy transformer atop the pole broke loose and fell on one side of the truck crushing the side and fender. It did not hit Loy. Firemen under Captain Ray Carmody cut him loose with an acetylene torch because of an injury to Loy's back. Fireman Jimmy Sanchez performed the cutting operation.

Loy was taken to Grossmont Hospital and later transferred to Navy Hospital where his condition was described as "fair."

WED—Mr. and Mrs. Ross Lewis Easley of Hollyhock Hill, Spring Valley, announce the marriage of their daughter, Marydell, to Charles Blair Andrews, son of Mr. and Mrs. Gerald W. Andrews, 1637 Colfax Drive, Lemon Grove, on Friday.

The bride chose a gown of white cotton lace, fashioned with a portrait neckline, ballerina length. With it she will wear a shoulder length circular veil arranged from a pearl trimmed tiara. She will carry a bouquet of white carnations.

Attendants for the bride will be Charlotte Heskett and Linda Abbott in gowns of pale pink nylon dotted Swiss, with pale blue accessories.

The best man will be the bride's brother, Spence Easley. The bridegroom's brother, Lloyd Andrews, will usher.

A reception will follow the ceremony for 250 people. The bride couple will visit Bryce and Zion National Parks for their honeymoon.

Among pre-nuptial parties was a shower given by Mrs. Robert Hoag of La Mesa, held in the Pals and Gals Clubhouse, Spring Valley. Miss Charlotte Heskett honored the bride with a linen shower. Mrs. James Redd entertained for the bride in her Hollywood home and Mrs. Robert Stewart honored her niece in her home in Pasadena.

Both young people attended Helix High School and are talented musically. Both are members of the Bob Spence Trio which has played for various groups throughout San Diego.

Friday's The Day They Give Orchids Away

A Hawaiian miss will sashay up and down Broadway Friday distributing orchids. These orators, Spears said. Some of the chids, according to Jim Spears, president of the Lemon Grove Boosters, will publicize the free square dance Friday evening at Mayfair parking lot.

The dance starts promptly at 8:30 and live music will be supplied. All callers in the county area have been invited to participate.

The dance is also free. The music is free. The dancing is fun.

Impromptu Speaker At Men's Club Provides Program

The program failed to show up at the Men's Club Friday but an informational meeting resulted nevertheless. An out of town visitor, a salesman named Jack Russell was pressed into service when he admitted to having been the mayor of Arcadia.

He told of his trials and tribulations as that community's top official. These troubles, he pointed out, were many but the experience was rewarding.

NEWLYWEDS—Linda Darlene Newton, daughter of Mr. and Mrs. Frank George Newton, 3176 Palm Avenue, San Diego, became the bride of Robert A. Hensley August 21.

The ceremony was held at the Lemon Grove Methodist Church. Rev. Donald Cooke officiated.

The bridegroom is son of Mr. and Mrs. H. L. Hensley, 7249 Central Avenue. Mr. Hensley is chief of the Lemon Grove Fire Department.

Mrs. Hensley attended Hoover and Junior College and is a member of Phi Alpha sorority. Mr. Hensley attended Helix and Junior College and is a member of Alpha Delta fraternity.

The couple planned an auto tour to northern California as a honeymoon trip but an auto incident on a Los Angeles freeway caused a change of plans. They are now at home at 4-75 Arizona Street.

Jr. Hi PTA OKs Budget

The Budget and Finance committee of L. G. Jr. Hi PTA held a meeting at the school on August 15. A tentative budget was set up for approval. Attending were: Mesdames William Ball, Charles McMahon, William Balesley, Charles Taylor and Mr. Robert Sutton, principal. The first Executive Board meeting is scheduled for September 10, 7:30 p.m. in the Home Ec. room.

A luncheon was held at the home of Mrs. G. A. Jader, 3221 Acacia St., Lemon Grove, recently. Program planning was the subject of discussion. Present were Mesdames Charles Taylor, Lyle Stumbaugh, James Setchell, Arthur Long, Harold Perkins and Mr. Robert Sutton, principal.

Long Time Goat Farmer Leaves Lemon Grove

Alfred Roberts of 8351 Broadway, Lemon Grove, a resident of the area for fifty years, has moved to La Mar, Colorado. He and his second wife (since March) took a plane this morning (Wednesday) for the north.

Roberts is probably best known for having a goat dairy at the Broadway address for many years. He sold off the last of his goats about ten years ago, having had one of the best herds in the west.

When Roberts first went into the dairy business, there were acres and acres of good goat-pastureland in the area. Where Brookside now stands and the hills surrounding it, Roberts used to turn out his herd in the morning and at night bring them in for milking.

Roberts was not only a good goat-dairyman, but was interested in many other things. He built the house he lived in for forty years. He was also well known as an artist, having painted

ed many beautiful landscapes and portraits. Several of his masterpieces adorn the walls of some of the local homes. It is understood he took a top award for one of his paintings at the World Fair in New York.

Having had to earn a living from the time he was quite young, Roberts naturally had to get his education the hard way, being self-taught to some extent. He came to the United States from his native England, when he was seven years old and settled in Rhode Island. It was there that he obtained his artistic background.

Roberts has been quite a philosopher in his time, as well as a good speaker. During the time of the sewer controversy in the Spring Valley area, he gave several interesting talks in favor of sewers.

Despite his deafness, which has been his major handicap for many years, Roberts has been well liked in the community. It has come as quite a surprise to many of his neighbors, knowing he was to move away after all these years. He had become a pillar of the community and will be missed.

☆ Sixteen State Department of Motor Vehicles examiners were injured last year in accidents involving driver license applicants.

Hawaiian Team Laces VLM 8-4

The Alea Memehune team of Iolani School in Honolulu trounced the Vista La Mesa Little League baseball championship B.P.O.E. No. 1812 team by a score of 8-4 last week in the last post season game for the local league. Award presented during pregame ceremonies went to the Padres, top winning minor league team and to Vista La Mesa Little Leaguers, top major team. Gifts were exchanged between the Hawaiian team and Ed Lester, League president and Margaret Perkins, Auxiliary president.

GOLDEN AVENUE PTA PLANS YEAR'S PROGRAM

A program committee meeting of the Golden Avenue PTA was called by the chairman, Mrs. R. L. Gutshall, at her home, 3060 Olive Street, Friday. An interesting and educational group of programs are being planned with the state theme for 1956-57 "The Strength of PTA—Vision—Courage—Action" being stressed.

At the conclusion of the meeting, refreshments were served to Mrs. Evelyn Lauritzen, principal of Golden Avenue School; Mr. Wiley Cornelius, principal of Palm Avenue School; Mrs. J. C. Gomes, president of Golden Avenue PTA; Mrs. C. D. Barton, hospitality chairman; Mrs. James Wickens, courtesy chairman, and Mrs. H. R. Vogt, newsette co-chairman.

The first executive board meeting of the school year will be called to order by the president, Mrs. Gomes, at the Kindergarten Room of the Golden Avenue School, August 29, at 7:30 p.m.

PHONE CENTER—Residents of LaMar Street have a new neighbor this week as Pacific Telephone officially opened their new plant operating center.

Located east of Bancroft, the center provides 83,000 square feet of off-street parking for company vehicles and employees' personal cars.

There are 40 company trucks assigned initially to this garage which also serves as headquarters for a force of 54 installers and construction men. The building's opening centers a quarter-million-dollar annual payroll in Spring Valley, according to La Mesa manager Bill Parker.

The fleet of trucks assigned here will handle telephone activities in the communities of

Spring Valley, Lemon Grove, La Mesa, Campo and Dulzura, Parker said.

He pointed out that only two years ago the company had just one operating center on Myrtle Street for the East San Diego area. A new center in El Cajon was built to relieve conditions at the East San Diego location. Both centers reached capacity this year resulting in the construction of the Spring Valley center.

The local center contains offices and training rooms as well as the garage, wash rack and equipment storage facilities.

Begun last March, the operating center was built by the Christie Company and is being leased by the telephone company.

KRUSADE—More than 550 youngsters took part in the Skyline Methodist Church's Fourth Annual Kids Crusade last week when children of all denominations joined a late-summer program of church training. Pastor Orval Butcher said the five-day program was based on enthusiasm and competition. This year's theme was "Volunteers" with the life of David as he volunteered to fight Goliath as a guide. Some of the activities which kept the young-

sters enthused were: the separation of the group into two camps, a red and a blue; prizes for holders of "mystery seats"; sing competition, and prizes for memorizing Scriptures. There were 60 captains headed by Mrs. Don Beebe. Activity Period was captained by Mrs. Wayne Bussert; Regiments were headed by Mrs. Claude Decker; the rhythm band was led by Mrs. Harry Hass, and Parade Marshal, Charles Spisak. —Tappy Foto.

Former Padre's Pitching Star To Open Liquor Store

Bob Kerrigan, series-winning former pitcher of the San Diego Padres, is opening a liquor store in Lemon Grove at 2855 Imperial Avenue.

The store opens this week and his wife Jo, and his sister-in-law Margaret Grant will help him operate it.

Kerrigan pitched for the Padres 11 years. In 1954 he pitched San Diego into the championship

by defeating the Hollywood Stars 7-2. He had a record that year of 17 wins and 12 losses.

The Kerrigans have two young sons; Bobbie 4 and Kathie 6, and are expecting another.

The store, to be known as Kerrigan's Liquor Shop, is south of the VFW Hall.

METRO WATER RATE

DROPS PENNY

The District Board of Directors of the Metropolitan Water District of Southern California, acting on the recommendation of its Finance Committee headed by Director Hugh W. Stiles and Controller Albert W. McKinlay, announced a reduction of its tax rate from the current rate of 19c per \$100 assessed valuation to 18c for the year 1957-58. This marks the eighth successive year that a reduction has been made.

The tax reduction which was authorized August 20 is being made effective while the District is engaged in a \$200,000,000 construction program to bring the Colorado River Aqueduct up to full planned delivery capacity to meet need for Colorado River water and to prevent water shortage being caused by a continuing drought in Southland areas, according to General Man-

ager and Chief Engineer Robert B. Diemer.

Chairman of the Board, Joseph Jensen said that a marked increase in the assessed valuation of property within the District was the factor which contributed to the tax rate reduction. The District covers an area of 3,019 square miles, includes 79 incorporated cities and much unincorporated territory, has an assessed valuation of over eleven billion two hundred million dollars and a population in excess of 6,500,000.

Of the new 18c tax rate, 11c will be used to meet interest and principal payments on outstanding Colorado River Aqueduct bonds sold to finance, in its first development, construction of a giant water supply system from the Colorado River. The remaining 7c will be used to meet Federal Government and other obligations.

BAKER'S DOZEN—Pacific Coast Plumbing, 7303 Broadway Lemon Grove's newest plumbing and plumbing supply firm took delivery on 13 new Ford trucks last week to get started on what the firm's operators expect to become a million-dollar-a-year business within the next 12 months. The sale of the trucks, biggest single Lemon Grove truck deal in history, was made by Jim Spears, local Ford dealer at 7220 Broadway and represented more than \$30,000. The plumbing firm, which will handle repairs, sales, new and old work employs 40 men and has a complete showroom on its 12,000 sq. ft. facility. In the photo are Jud May, president of the firm, D. J. Orsini, general manager and Jim Spears of the automotive firm. —Tappy Foto.

FUND RAISING ALMOST REACHES 'SINGLE DRIVE' STATUS

Lemon Grove, Spring Valley and other communities throughout the county will be offered the opportunity to conduct a single residential campaign for health, welfare, recreation, guidance and counseling services through the newly formed United Fund of San Diego County. The polio drive people immediately rejected the single drive plan.

Mrs. Kenton C. Lint, chairman of the Geographic Division, said the recently organized United Fund means that campaigners here and throughout the county will be asked to knock on doors only once a year for one campaign.

☆ Your San Diego Better Business Bureau is a nonprofit corporation, supported by over 1800 professional and business firms, and supervised by a board of directors which serves without compensation.

The County United Fund, she said, has been formed to eliminate the multiplicity of campaigns and to save the community time, energy and money. It stands to reason," Mrs. Lint said, "that by conducting a single campaign where workers work once a year and givers give in one campaign a year, we will be saving a huge amount of community resources."

She said the new fund-raising methods mean campaigners normally devoting time to several campaigns can now direct their efforts to one drive—the United Fund.

Polio Fund Not Included

Meanwhile the San Diego County Chapter of the National Foundation for Infantile Paralysis announced that it would not participate in any plan for a federated fund raising campaign in San Diego County. It went on

record that it could neither participate in a joint drive nor accept any money so raised.

The local foundation said it wished to make its position clear at the outset to avoid any possible misunderstanding about inclusion of the March of Dimes in the proposed united campaign. The National Foundation's policy is one of non-participation; it is nationwide in its application and is set down by the National Board of Trustees.

Mr. B. R. Van Vleck, chairman of the National Foundation's San Diego Chapter, said the successful fight against polio has convinced us that a separate March of Dimes is essential if the broad program of patient care, research, polio prevention and professional education are to be maintained.

SUNDAY SERMON

ON "CHRIST JESUS"

These comforting words of Jesus, assuring light and understanding to every man, are part of a Bible passage from John's Gospel (8:12), "I am the light of the World: he that followeth me shall not walk in darkness, but shall have the light of life." "Christ Jesus" is the subject of the Lesson-Sermon to be read in all Christian Science Churches Sunday.

FARM ADVISOR SAYS BEWARE OF OLEANDER

Oleander is poisonous. It is a very useful and commonly used ornamental plant, but should be regarded with respect, says the University of California Farm Advisor in San Diego County.

It is dangerous to use oleander sticks to barbecue with even if they are the right size and shape. At least two deaths have been attributed to using peeled oleander stems as spits to roast meat.

Death of livestock is not uncommon in California where they may occasionally nibble on the green leaves or eat dry leaves when mixed with other feed. The effects of oleander are similar to digitalis, and if enough of the poison is eaten, the animal is certain to die. From 15 to 20 grams of green oleander leaves are required to kill a horse, and from 10 to 20 grams to kill a cow.

Even curious children at the "chewing age" might try oleander. Thus, we must regard the oleander with respect at all times and handle it knowingly.

Appliance Bureau Marks 25th Anniversary

September will be the month of "Silver Anniversary Savings" at appliance stores the length and breadth of San Diego County. Fabulous price "specials" will be featured on all kinds of appliances in celebration of the 25th anniversary of the Bureau of Home Appliances, according to Roy Dickerson, public information director.

Appliance distributors and retailers, with the cooperation of manufacturers, have for months been planning the special appliance value which will be offered. Dealers participating in this money-saving event can be identified by "Silver Anniversary Savings" banners on their windows. They will also feature window, counter, and floor displays of "special value" appliances bearing "Silver Anniversary Savings" tags.

The Bureau of Home Appliances, whose twenty-five years of outstanding service are being recognized during these September "sell-a-bration" days, is widely known as the sponsor of the annually-held Electric & Home Appliance Shows and Spring Fairs of Modern Home Ideas held in the Electric Building, Balboa Park. At these admission-free exhibitions, thousands of home owners have enjoyed the convenience of seeing and comparing under one roof all the newest in home appliances which contribute so much to greater leisure and better living.

Roll in this way...

As long as it goes (and you own any part of it) take it to your FORD Dealer. He'll allow you more than you ever dreamed possible on the purchase of a '57 FORD. To maintain leadership, he's keeping his profits low and trading high.

New Bobcats Named To Pack 318

Cub Scout Pack 318, sponsored by the Lemon Grove Congregational Church, held their monthly Pack Meeting at El Monte Park last week. The boys and their families enjoyed a lively game of baseball and various other games after their picnic lunch. Cubmaster C. W. Skinner and Assistant Cubmaster Arnold Moore led the boys in a howl of welcome to the following Bobcats: David Patterson, Danny Unkrich and Richard Rowton. Assistant Cubmaster Moore presented Bear badges to Mike Morrow and Howard Wollitz. Webelos Leader Al Burke presented Lion Badges and welcomed into the Webelos Den, John Pipes, Steven Lane, and Kim Szalay. Cubmaster Skinner presented the following awards: Dennis McCollum, 2 silver; Gary Dennis, 3 silver; Neil Graham, 1 silver.

The meeting was closed by a tug-of-war between the mothers and dads, with the "so-called" weaker sex walking away with the rope.

BROOKSIDE NOTES

LOIS K. LIGHTHART
HO 9-5721

Dr. and Mrs. R. A. Burningham, 3557 Trophy Dr., come here following a year in Charleston, S. C. Mrs. Burningham has little spare time with Ellen, 4, Mark, 19 months, and David, 3 months, to care for while Dr. Burningham is busy with his duties as a Navy doctor.

David Carman, 17, of 3445 Fairway Dr., was at Camp Pendleton during the recent Palomar forest fire, loading planes with bombs which were dropped to help stop the fire. David is with the California Forestry Station at Campo.

Lois Pugh, 3443 Niblick, is happy to be rid of the heavy cast which covered her right calf and ankle for four weeks following a tumble down the front steps. In spite of her injury, however, she and husband Jay have managed this month to attend the Starlight Opera productions of "South Pacific" and "Pajama Game," and with daughters Sandra and Susie, Lois traveled to Laguna Beach where she spent several days with her sister, Mrs. W. P. Nichols.

John Kipp, 3676 Trophy Dr., has been called back into the Marine Corps for a brief three-month period which began this week. John does not expect to leave San Diego.

Guests of Mary and Howard Jennings, 3444 Niblick Dr., who played ping pong and poker till wee hours on a recent Saturday night were: Bev and Mac Swin-

ney, Lois and Jay Pugh, Ruth and Ed Miller, and Gloria and Roy Scagliotti.

Gwen and Chuck Pierson and son Bob love the desert winter and summer. Last week-end was just one of several, recently, which they have spent at their trailer retreat near Caliente Hot Springs. The Piersons' home is at 3450 Niblick.

The summer periods at Lollgro Day Camp in Balboa Park provided fun and constructive activities for these Bluebirds and Campfire girls: Carol Brunner, Claudia Mansfield, Kimberle Wade, Terri Schwenk, Nancy and Susan Neptune, Susan Wing, Gail Starr, Ann Tibbitts, Sue and Carol Sturdivant, Sandra Pugh, Kathleen Rose, Judy Tyndall, Terry McSpadden, Linda Butler, Helen Walker, and Linda Clark. Mothers who served as adult leaders were: Cecil Tyndall, Ellen McSpadden, Phyllis Schwenk, and Virginia Starr.

Jan, Carol and Patty Lundquist, Tam Mansfield and Suzanne Thivierge attended Camp Wohai in the Laguna Mts. for two weeks.

Kenneth Lloyd returned Saturday to his home at 3545 Four-some Dr., after experiencing temperatures as high as 130° during a two-week encampment near Barstow, Calif., with the 217th AAA Bn. of the National Guard.

Family vacations seem to be at their peak now...

Mrs. O. W. Zesch, 3254 Fairway, and youngsters Karen and Allan visited her mother at Balboa for one week.

Mr. and Mrs. Lloyd Butler and their five children returned last week to 3408 Niblick Dr. after a motoring trip to Tooele, Utah and a week's visit with Mrs. Butler's family who have a farm there. Swimming every day in the pond was the most popular activity for twins Lloyd Jr. and Linda, Kirk, Tommy and Kathleen.

Betty and Tom Parker and daughter Jill stopped at Disneyland on their way north to see sights around San Francisco. Away for one week, they are home now at 3527 Foursome Dr.

Mr. and Mrs. Robert Day, 3227 Fairway, and sons Joe, Ronny and Donny, feel like experienced campers now. Their vacation in the Northwest combined a week's vacation with friends in Seattle, a day-long sight-seeing tour of the Victoria, B.C. area, and ten days of outdoor living at various scenic sites thru Washington, Oregon and California. Mt. Ranier, Diamond Lake, Tahoe, Yosemite, Kings Canyon, and Sequoia were also visited.

Mr. and Mrs. Leonard Baron and son Bob of 3424 Fairway Dr. returned last Wednesday from a week's visit in the Los Angeles area. They spent two days at Huntington Lake in the Sierras.

Two new Brookside families are busy painting and getting settled right across the street from one another.

The Charles T. Martin family at 3521 Trophy includes Tony and Ty, six-year-old twins, and Marilyn, almost 3, who moved here from Bay Park Village.

Mr. and Mrs. H. W. Kennedy moved from Harbison Dr. in La Mesa to 3532 Trophy.

BEGONIA MEETING SLATED FOR WEDNESDAY

WASHINGTON SUMMARY

by ED KOTERBA

(Editor's note: This week's "Summary" is devoted entirely to discussion of the Hoover Commissions.)

Few persons are fully aware of the most far-reaching story ever to unfold in Washington. It's so vast that it's almost incomprehensible.

That is: The activities—and the results—of the Hoover Commission. Let's pull the story into a relatively few words.

SAVINGS: \$2.8 BILLION

As of this week, \$2,818,000,000 was saved in recent years—directly—because the government put into effect the Hoover ideas. That's enough money to wind dollar bills end to end around the earth 11 times!

Indirectly, the savings may total \$7 billion.

HOW CAME ABOUT

Two Hoover Commissions were set up. One in 1947, the other in 1953. Their aim: Cut down the size of Big Government, skin the fat from spendings.

Of 272 recommendations made by the first study, 72 per cent are now in effect. And 39 per cent of the second study were adopted.

SOME EXAMPLES

Most notorious was the non-sensical practice by the Navy—keeping on hand a 60-year supply of canned hamburger, and a gallon of ketchup to go with each pound!

And the stupid purchase by the Signal Corps of an 8 1/2 year supply of batteries, when batteries last only two years.

These practices have been eliminated.

Also, the Defense Department saves \$200 million a year now by not cooking meals for the men and women not present to eat them.

STANDARDIZATION

By standardizing some of its equipment, the Defense Department saved \$29 million in a single year.

Few examples: We had on hand 19,500 kinds of machine screws. This has been cut down to 6,600. There were 380 types of tents. Now it's 101.

There were 7,879 different model shoes for men and women in the military. This was reduced to 2,500.

POSTOFFICES

In one year, 1955, following Hoover recommendations, the Post Office Department discontinued more than 1,100 post offices. Saving: \$15 million.

The Post Office people buy concrete posts on the West Coast for \$3.50 now. Before the Hoover recommendations, they had the same type shipped from Baltimore at a cost of \$15.

These have been just a smattering of examples. Items of savings reach into the tens of thousands.

WHAT ABOUT the Hoover recommendations still not enacted? Of the 61 per cent still in the

haggling stage, there is one recommendation—complex—which could save billions.

It provides for Congress to allot money only on a year-to-year basis. What has happened in past years is this: Congress would hand out money for projects covering up to ten years. The various agencies would hold on to the money, and if the project was cancelled or changed, they'd dawdle the extra funds on less essential things.

Today that backlog (unspent appropriated money) amounts to more than 70 BILLION dollars.

By reviewing these long-range projects every year and cutting unessential, antedated items, billions could be saved.

WHY THE STALEMATE?

Some members of Congress balk at enacting the rest of the recommendations because less government control on the purse strings means less patronage jobs for political parasites.

However, there still is a substantial number of congressmen who show a tendency to accept the words of President Grover Cleveland—"It is the business of the people to support the government, not of the government to support the people."

Costs Man \$50 To Move Bees

When a county agriculture inspector placed a "hold order" on colonies of bees belonging to Harold Ray Knoefler, of Arlington, it meant the bees were not to be moved. Knoefler learned this recently in Fallbrook Justice Court when Judge Leon Bone fined him \$50.

Knoefler, a migratory beekeeper, had his hives in an avocado grove when Charles Morse, the inspector, came along and found the bees were infected with American foulbrood disease. Disregarding the hold-order which Morse placed on the hives, Knoefler moved them to Riverside County. He entered a guilty plea to the charges.

Diseased bees are required to be destroyed to prevent spread to healthy colonies, Morse explained.

NEW FORMAT—Mrs. Opal Palmer poses prettily in front of her newly remodeled shop at 8131 Broadway where she held "Open House" festivities last week.

The name of the organization has been changed from Lemon Grove Trading Post to Pilgrim House and the shop now features maple and birch furniture. Mrs. Palmer, whose husband Walter died recently following a lingering illness, said that they had plans for this type of shop before Mr. Palmer became too ill to put the plans into effect. —Tappy Foto

S.V. School Tax Raised

The new tax rate for the La Mesa-Spring Valley School District for 1957-58, will be 13 cents higher than currently, said Superintendent Glenn Murdock last week. He said, however it will be 3 cents less than anticipated.

The new rate will be \$1.25 per \$100 of assessed property valuation. It was earlier predicted it would be \$2.18. This reflects an increase in the District's property valuation now of \$55,017,780.

Calwestern Registration Dates Given

Registration dates for California Western University students have been set for September 16, 17, 19 and 20, Dr. William C. Rust, President of the Point Loma university announced today.

New DMV Laws To Affect Teeners

Teenage drivers are affected vitally by a series of new laws which go into effect September 11.

Major changes made by the

HOME FEDERAL BREAKS

GROUND FOR AREA OFFICE

Home Federal Savings and Loan Assn. of San Diego broke ground Monday afternoon for a two-story office building in El Cajon. It will be the institution's third new office in as many years.

Participating in the ceremonies were El Cajon Mayor Hamilton Judy, Assemblyman Jack Schrade and Supervisor Dave Bird.

Home Federal's other recent offices, built in 1955 and 1956, are in North Park and College Center. Headquarters of the 23-year-old firm are at 7th and Broadway in downtown San Diego.

Fletcher said the new office, scheduled to open January 2, will offer east county residents a complete savings and home financing service under the management of Alan Reed.

Legislature at its 1957 regular session in statutes involving the driving privilege of young people were listed this week.

1. A driver accompanying or supervising the driving of the holder of an instruction permit must be 18 years old or older.

2. The junior license as Californians have known it based on residence will no longer be issued.

After September 11, junior permits may be issued for limited periods, and in no event beyond age 16, to qualified boys and girls who require limited driving privilege for school transportation, family illness or for economic reasons. Eligibility for these reasons must be established by statements filed with the Department of Motor Vehicles.

3. Young people 15½ years old who have successfully completed in California a secondary school course in behind-the-wheel driver training may be issued a regular operator's license. But the minimum age for

those who have not completed such training is 16 years. When a holder of a junior permit reaches 16 years of age, he must apply for a regular operator's license.

Formerly, the law permitted the issuance of DMV of "junior operator licenses" to rural boys and girls between the ages of 14 and 16, but not to urban residents. The theory was, that lack of adequate transportation facilities in farm districts made it advisable to extend driving privileges to some qualified 14 and 15-year-olds residing in those districts.

The new law makes no distinction between rural and urban resident, but sets up a program of issuing "junior permits" to any qualified person between 14 and 16 years of age, and abolishes the "junior operator's license." In no case may a "junior permit" be issued to a person 16 years old or over.

Instruction permits will continue to be issued to persons of any age over 14 years, with the

new limitation that instruction permit applicants must be qualified for a license in the first place.

This means that applicants of any qualified age must pass the DMV law and vision tests before being issued an instruction permit.

★ There are 10,167 Californians holding State Department of Motor Vehicles certificates as school bus drivers.

24 B of A BRANCHES SERVING SAN DIEGO COUNTY

Like so many of your San Diego County friends and neighbors, they're snugly settled in a home of their own financed through a Bank of America loan. Last year, for example, our bank made over 4,700 real estate loans in San Diego County, totaling more than \$54,100,000. And this money provided jobs for local workers, sales for local merchants, income for local contractors. That's one way B of A boosts local business. We're statewide, sure... but local, too!

Test Trip Made

At Mataguay Camp

"Have fun, be careful and offer suggestions." That's the advice being followed this week by the 32 scouts who established the first week-long pilot camp at Mataguay Reservation near Warner Hot Springs. The pilot expedition ends on August 31.

According to Marshall Brough, chairman of the Camping and Activities Committee, "Mataguay Ranch will be one of the most outstanding Boy Scout reservations in the nation when development is completed. We sent these boys and their leaders to Mataguay to be our pioneers, to make suggestions on how the scouts in San Diego County will eventually get the most out of this ranch, and to help us in our long range planning.

Brough stated that during the one week pilot camp, the three troops are enjoying the unusual opportunity of fresh water fishing on three lakes on the Mataguay property which were originally constructed for storage of irrigation water. These three lakes are located along the spring-fed stream that runs the length of the 679 acre Scout reservation. Other activities include swimming, boating, canoeing and historical hiking expeditions.

Boat Owners Must Register Craft With Assessor

Boat owners must register their craft with the county assessor's office, it was announced this week by John McQuiken, County Assessor.

The law requires, according to McQuiken, that a number, assigned by the assessor's office, must be affixed to the craft's bow and that the figures and numerals must be not less than 3 inches high and must be in a contrasting color to the boat so that they may be distinctly visible and legible.

Vessels presently registered with the Coast Guard or Custom House will not be assigned different numbers. The number assigned by either of these agencies will be the same for purposes of county registration.

All vessels not requiring registration with either of these two agencies - including all outboard vessels, sailboats, rowboats, houseboats, barges, dredges, etc., must however, be assigned an identifying number by the county Assessor.

This legislation was designed to provide a program of registration which has many advantages to the boat owner, such as uniformity of registration, identification for purposes of safety, in the event of loss or theft, and for proof of ownership. It also provides a means for getting the craft on the assessment rolls.

Owners of boats which have not been assigned an identifying number by the Assessor, are urged to contact the Marine Division of the Assessor's office immediately to register their vessels and obtain the necessary registration number.

NEWS ABOUT SAN ALTOS

By SALE STANLEY STIVERS

San Altos Terrace, which has a literal translation "Terrace of the High Saints," a new community in Lemon Grove, appears to be dedicated to the spirit of friendship and to the policy of the good neighbor. We visited with our neighbors this past weekend and this is what we learned:

Mr. and Mrs. R. S. Estes, Yellville, Arkansas are visiting their son CWO H. J. Estes and family 1829 Primera.

Mr. and Mrs. John Grandee Jr., 1649 Madera, told us that their children, Ronni, 7 and Lynn, 5 are racers with San Diego Quarter Midget Racing Association, 4 to 12 age classification. Ronni, who drives car number 75, was involved in the first crackup recently. There were no serious injuries. Ronni was back to his driving next day.

Recent visitors to Disneyland were Mr. and Mrs. W. R. Morrison, children Barbara, Bonnie and Barbara, 1646 Primera. Mr. and Mrs. Larry Bleivins, 1731 Primera, newly returned from Hawaii, took their daughters, Marlene and Christine to the Walt Disney funland last Tuesday.

Mr. and Mrs. J. G. Sanderson, 1747 Primera, have as their guests, Mr. and Mrs. Lindell Pollette, children Gary and Patti, Tucson, Arizona. The Sandersons' young son, Billy, is a master of the situation-non-comic. He swallowed approximately 50 tablets from a bottle of APC's and deposited the rest in the water cooler. Billy took a ride to Mercy Hospital and learned about the stomach pump. Last week, while his mother was still shaken from the first incident, Billy had to have his tongue extracted from a toy telephone.

Chief John H. Bernell, 1738 Primera returned recently aboard the USS Piedmont, following a tour of duty in the Philippines and Japan. The Bernells are breaking ground for a lanai, to house beautiful rattan furniture purchased on this tour.

We met a most fascinating newcomer from Japan. She is Mrs. Frank Hunt, 1755 Primera, formerly Barbara Hamada of Yokohama. Mr. Hunt returned recently with his bride, after a four-year tour of duty in Japan. Barbara enrolled immediately in the adult education art class held in the VFW Hall, Lemon Grove. She has already exhibited a beautiful oil at the San Diego Art Institute, Balboa Park. Her teacher, Mildred Dilley, 6665 MacArthur Drive, tells us that Mrs. Hunt also designed the modern cherrywood furniture in her home, while she was still in Japan and had it shipped here. Barbara recently acted as interpreter to a party of visitors aboard the Japanese sailing vessel, Kaiwo-Mau, at San Diego harbor.

Mr. Harold Seymore told us that his wife returned this week from Sharp Memorial Hospital to her new home, 1639 Plata Ct., after a second, recent bout with major surgery. Our wishes for a speedy recovery are extended to Mrs. Seymore.

Mr. and Mrs. John Pennock, daughters Leann and Joann, 1813 Primera, returned recently from a visit to their former home, Salt Lake City, Utah. Mr. Pennock, whose beautiful flowers are the talk of the neighborhood, tells
